MixPre 10T

AUDIO RECORDER | MIXER | USB INTERFACE
10 INPUTS / 12 TRACKS + TIMECODE

Kashmir™ MICROPHONE PREAMPS   Bluetooth® SMART

ANYTIME ANYWHERE AUDIO

The MixPre family is the culmination of decades of experience in designing technologically innovative products for elite sound professionals. This lightweight, durable audio recorder with built in timecode generator is also a feature-rich mixer and USB audio interface, with built-in Bluetooth Smart® — perfect for production sound, field audio recording, and music/FX. The MixPre-10T features eight new Kashmir™ high-performance, discrete, class-A mic preamps and limiters handcrafted by Sound Devices engineers to help you capture the highest quality audio recordings every time.
